Re: Certificate of Product Liability Insurance

Dear Vendor,

As a distributor, we carry product Liability Insurance to protect our company.

Our insurance company requires that our vendors carry **product liability insurance** covering products they supply to us.

Please have your insurance company forward a "Certificate of Product Liability Insurance" to us. Also, we request that you provide us with a thirty (30) day notice if your insurance is cancelled.

Your prompt response is greatly appreciated.

Sincerely yours,

Gloria Chanco
